

# BigFuture® School and Connections

The mobile app that gives in-school test takers control over their college and career planning.

## WHY SHOULD STUDENTS USE BIGFUTURE® SCHOOL?

BigFuture School is an integral part of the SAT® Suite of Assessments your school offers. It has the convenience of an app with the trusted expertise of College Board.

**BigFuture School is free to students and provides them with the power to:**

**View scores** from PSAT-related assessments and SAT® School Day right on their phone.

**Explore customized college and career guidance** and engage with interactive tools to personalize their search experience.

**Get matched in minutes with Connections™**, where students can discover nonprofit colleges, scholarship providers, and government agencies administering education programs looking for students like them (when available).

No personal information is shared with any institution unless a student chooses to share information directly with them.

*For scores, students can always get their score report from their school, who receives a PDF report for all of their students.*

## How You Can Help Your Students

### 1 REMIND THEM TO PROVIDE A MOBILE NUMBER

During exam setup, students can provide a mobile number to securely access the app.

### 2 HAVE THEM CONSIDER CONNECTIONS

When available, students can opt in to Connections during exam setup or after they download the app.

### 3 ENCOURAGE THEM TO DO MORE WITH THEIR SCORE

Getting scores is just the beginning. Students can continue to use the app to:

- Use interactive tools like the career quiz.
- Add preferences to personalize their college search.
- See job growth, salaries, and education required for careers they are interested in.
